

INSIGHTS INCITE CHANGE

Meeting the demand for modern educational facilities equipped with the most up-to-date technology—such as Newhouse 3—is just one of the goals of The Campaign for Syracuse University. Others include:

Faculty Excellence—endowed professorships attract world-class faculty for whom teaching and research are interconnected passions.

Cross-Connections—interdisciplinary teaching, research, and community engagement initiatives accelerate discovery of the innovative solutions the future demands.

Student Access and Support—scholarships and fellowships attract students of merit from a wide range of backgrounds.

Annual Support—The Fund for Syracuse provides immediate and flexible resources that can be used where they are needed most.

Visit campaign.syr.edu to learn how your campaign gift can support Scholarship in Action and incite positive change as never before.
