

PAUL AND SUSAN EFRON INCITING A PASSION FOR FASHION

What better way to launch the careers of talented young fashion designers than to showcase their work right in the heart of a fashion mecca. That's just what senior fashion design students did at *Vision With Action*, SU's second annual runway show held in New York City's JPMorgan Chase Center.

The catwalk spotlighted juried selections from top student collections—everything from wide-leg shorts to satin hoodies to colorful linen dresses. Made possible through the insight and generosity of SU parents Paul and Susan Efron, this yearly event gives budding designers a once-in-a-lifetime opportunity to strut their stuff for the innovators and visionaries of haute couture.

The 2009 *Vision With Action* show featured such stand-out looks as this dazzling creation from the collection of Stephanie Latocha '09.
